About Me

I am an 18-year old self taught code hobbyist from Stockholm who specialises in front end development. I have a passion for learning new things as well as creating responsive interfaces and maintainable code.

Competence

I'm a quick learner who works well under pressure. I have a genuine interest for learning and acquiring new skills as well as developing good, easy to maintain code.

I'm proficient in the following:

- Visual Studio Code
- Javascript
- CSS
- HTML
- React
- Git

I also have some experience with Node, JSON, and jQuery.
